

# The Aerosol Products Industry

In the United States

Nicholas Georges  
Senior Vice President, Scientific & International Affairs

September 22, 2022  
The 2022 FEA Global Aerosol Event  
Lisbon, Portugal

Innovative Products For **Home. Work. Life.**

# Key Areas of Interest in the U.S.

- Harmonization of Laws and Regulations
- Future of Propellants
- End of Life Aspects for Aerosol Products
  - Extended Producer Responsibility (EPR)
  - Household Hazardous Waste
  - Universal Waste Classification
  - Recycling of Empty Aerosol Products

HCPA has partnered with the Can Manufacturers Institute (CMI) to launch the Aerosol Recycling Initiative to support the recycling of empty aerosol containers across the U.S.

To learn more about this initiative, please visit
